The Resort With A Conscience.

**Outstanding meeting & event spaces, with
two dedicated venues.**

At Wyboston Lakes Resort, we take our responsibility towards the environment and the effect our business has on it very seriously.

Here's some of what we do:

- **Zero To Landfill:** We've not sent anything to Landfill for the last four years, and are committed to another year.
- We're proud to maintain a nature reserve which is supported by the Wildlife Trust. It means we take care of our guests and those we share the land with.
- We now use paper straws, and compostable coffee cups on-site. We are part of the #20Percentless scheme and have already achieved a 19% reduction.
- We have an active policy in planting trees in support of nature and nurture. We plant hundreds of new saplings to semi-mature trees year on year.
- Saving energy is key so we've begun to upgrade our lighting network to the latest energy efficient LED styles.
- **Carbon Footprint:** Everyone should try to reduce their carbon footprint and we make no apology for doing so. We've reduced our footprint by 21,000kWh year on year.

Wyboston Lakes Training & Events is multi-faceted, yet a beautiful one off. Situated midway between Cambridge and Milton Keynes and set in 380 acres of rural countryside, less than one hour from London.

Our dedicated venues, The Woodlands Event Centre and Willows Training Centre, have over 50 meeting rooms. This includes the Rosewood Suite with capacity for up to 620 delegates. All rooms have high ceilings, natural light, air-conditioning and advanced technology.

Conference, meeting and event facilities are located solely in the above venues. The Woodlands Event Centre has 4 creative spaces, perfect for any last minute preparation. The Willows Training Centre provides organisers with access to private lounges, providing a dedicated space to relax and prepare.

We don't leave anything to chance so to ensure your event goes exactly to plan, we have a customer service team on hand. They will be there throughout the duration of your event. Technology is a point of pride, and something we do exceptionally well. Wyboston Lakes Resort is probably better placed than any other specialist venue to help organisers understand, with complete confidence, how best to harness the potential of technology.

We have created an IT infrastructure that sets new standards for versatility and most importantly, for reliability. It's a combination that opens up new horizons for organisers in their quest to achieve new levels of effectiveness, impact and involvement. Leading edge technology ensures that trainers and conference presenters can easily communicate their messages.

Delegates or attendees can benefit from crisp imagery, clear sound and stunning colour. Delivering powerful, memorable and stimulating events. Should any technical issues arise, we have on-site IT support to help you. From small meetings to large conferences, we can provide you with the best environment for your needs.

Accreditations & Associations

Wyboston Lakes Resort carry the Green Accreditation from Healthcare venues following a rigorous assessment of the two conference and training venues. Both venues are fully trained in compliance within the healthcare sector for more than 3 years.
