more sustainable, no apology.

We're committed to building towards a more sustainable future for all. Our Green Energy Roadmap means we will become self-sufficient in green energy production on site by 2027.

THE FACTS!

- 25.5 tonnes of food waste turned into soil nutrients by our biodigester
- 3,200 solar panels installed on-site
- 1,300 tonnes of Co2 emissions saved by switching to renewable tariffs
- 506 metric tonnes of carbon offset by tree planting (23,000 trees)
- 30 EV charging points on-site
- 60% less single use plastics used on-site

we're right here

Our resort is located midway between Cambridge and Milton Keynes, with easy access to the A1, M1 and M11. With St. Neots train station just a stones throw away you can reach us from London within the hour.

Both Luton and Stansted airports are close by, under 90 minutes drive away.
