

A story of success: The Mortgage Broker

The Mortgage Broker is a nationwide, FCA-regulated independent mortgage broker. Its team of qualified advisers help first-time buyers, home movers and those who want to remortgage, or want a buy-to-let mortgage.

The aims of the event:

The Mortgage Broker wanted to bring its 35 staff together for one day for an annual Conference, to share information, insights into business development and plans.

“Everything we needed; accommodation, conference space, and team building all in one location.

The Event:

The Mortgage Broker Conference was the first all-day event to be held at Meeting Point, a new stylish, modern, self-contained suite of three flexible fully equipped meeting rooms and Break Point, a break-out area, created within the Drift Inn at Wyboston Lakes Resort.

Among its outstanding features is the latest in meeting room technology which enables remote participants to be heard equally throughout the room.

The Conference took place in Great Point, the largest room within Meeting Point, which was laid out 'cabaret style' with a top table for speakers.

A three-course lunch was served in a reserved area of the Drift Inn's Gravel Pit restaurant. After the Conference, the group moved to the Cricket Lounge and Bar in the nearby Willows Training Centre for an informal evening with drinks, pizza and light snacks.

“WOW – Love the space!

Feedback from Katy Crinnion, People & Projects Manager

The experience of holding our annual conference at Wyboston Lakes Resort was exceptional from start to finish.

Planning the event couldn't have been easier, thanks to the outstanding support from the events team, who were consistently responsive and accommodating.

The booking and management process was seamless, and it was by far the least stressful event I've ever planned which is largely due to having such a reliable team on hand.

We were overwhelmed by the fantastic space available to us at Meeting Point, which featured three meeting rooms with one large and two smaller, all superbly equipped with top-of-the-range technology, plenty of whiteboards, and unlimited drinks and snacks. The central communal space – Break Point- was a particular highlight, offering a relaxed and welcoming area for attendees to mingle and recharge between sessions.

Lunch at The Gravel Pit Cafe Bar was delicious and well-presented. Following the event, we walked over to The Cricket Bar, which was the perfect way to network and unwind. The food at both the Gravel Pit and Cricket Bar were outstanding, with a hot buffet that everyone thoroughly enjoyed.

Customer service was excellent throughout, with Megan and Joana standing out for their warmth and attentiveness. The Cricket Kitchen provided a brilliant setting to end the day, with fun games, great food, and plenty of socialising. We couldn't have asked for a better venue or team to support our event."

“
The Meeting Point was ideal space for us, networking and socialising together.

“
An unforgettable experience and the food was wonderful.

“
Looking forward to the summer conference.

“
Absolutely loved going to the Cricket Bar after, the space and activities were amazing and so much fun.
