

**ADASS**

 WYBOSTON LAKES  
RESORT

**A STORY  
OF SUCCESS**

# ADASS SPRING SEMINAR

**We recently held a 3 day seminar at Wyboston Lakes Resort and had an excellent experience from start to finish.**

There is a reason why we return yearly to this venue, the location is brilliant and ideal for our delegates who travel from all over the country to attend, as well as keeping all delegates on site which works so well with our sponsors too. The staff were responsive, organised and incredibly supportive as always during both the planning (with Alex being her usual helpful amazing self in the run up) and on the days themselves on site.

# PROOF OVER PROMISES

The receptionist, Sidiqqua, was inundated on the first day of the event with room changes and people adding nights last minute and handled it all in her stride and was so composed at our most hectic time!

The staff really do go above and beyond to accommodate last-minute requests and support us throughout the seminar which is rare in the event sector nowadays. It is a testament that the same staff are there year upon year, you can tell how much they like working there by how helpful and friendly all the staff are from the receptionists, to the managers (especially Rachel), the chefs and the amazing kitchen staff too, so a big thank you for all you do!

# BEYOND EXPECTED

The venue itself was clean, modern and the rooms are always well turned out, the coffee areas are well designed and located in ideal places around the venue to prevent long queues. At our seminar we have a lot of wheelchair users and people with additional requirements and the venue have really stepped up the last few years to make sure their venue is accessible for all. Each year we have seen small improvements with paths, lights, food and making sure that all those with accessible needs are met, these small improvements have made our delegates much more comfortable and feel welcomed.

**I would highly recommend Wyboston Lakes Resort to any organisation looking to host a seminar or conference and we will absolutely be returning next year for another successful seminar.**
