

URBAN & CIVIC A STORY OF SUCCESS

 WYBOSTON LAKES
RESORT

URBAN & CIVIC'S SUMMER EVENT 2026

'Race Across the World' was the style theme of the event, and this was reflected in the decoration, inside and outside the Woodlands Event Centre, and particularly in the food menu and drink choices in the evening.

After a buffet lunch in the Olive Restaurant, delegates gathered in the Rosewood Suite, arranged cabaret style, for the main conference presentations including a Q&A, a fireside chat and videos.

Throughout the evening, there were garden games, firepits and lights in the Courtyard, and a large screen showing the World Cup. Later a band played dance music in the Cedar Lounge before a DJ kept the dance floor busy until the end of the evening.

PROOF OVER PROMISES

Following an overnight stay, the second day opened with a business overview before two hours of team building activities on The Meadow created and run by Off Limits.

The Around the World Its a Knock-Out games included Rome: Launching wet sponges with catapults; London: a balance/race game using inflatable sausages; Antarctica: a challenge to climb a wet inflatable slope; Build a Burger - large foam shapes; All Hands on Desk - pulling a small dinghy with a rope across soapy slippery water and Golden Shot - a football shoot out.

The event wrapped up with a prize presentation and lunch.

BEYOND EXPECTED

Our annual two-day employee away day at Wyboston Lakes was a great success.

Having the conference facilities, accommodation, team-building activities and evening entertainment all in one location made the event much easier to organise and created a seamless experience for our attendees.

The team at Wyboston Lakes were accommodating and supportive throughout the planning process and during the event itself, ensuring everything ran smoothly.

We received excellent feedback from our employees on both the venue and the overall event.
